What our customers say

> *Implementing NiceLabel solved a lot of IT problems. We don't have the security implications we had with the previous system. We've moved quite a few of our systems to the cloud. The fact that we could have labeling in the cloud as well gave us a lot more flexibility in terms of integrations and APIs."*

**IAE**

Jeremy Annable, Business Systems Manager, IAE

> *We needed to standardize labeling across our facilities. With NiceLabel Cloud, we have the benefits of a secure SaaS solution, integrated with our existing cloud infrastructure. As our business continues to grow, NiceLabel Cloud gives us an easy way to customize and scale our labeling operations."*

From label template to print

## EVERYTHING YOU NEED TO MANAGE LABELING

1 Easily design barcode labels in minutes

NiceLabel Cloud includes a built-in label designer that delivers a familiar Microsoft Word-like user experience. You can quickly design professional labels and multi-page supply chain documents, such as delivery notes, packing slips and invoices. No IT help, barcoding knowledge or designer training necessary.

2 Centrally store your labels and access them from anywhere
NiceLabel Cloud contains a centralized storage system for all of your labels. Access the latest, up-to-date label templates anytime, anywhere, from a web browser.

3 Guarantee accuracy by integrating with your product data

NiceLabel Cloud integrates label printing with your product data, giving you a single source of truth and preventing errors and mislabeling.

Designed to meet the needs of businesses of all sizes, NiceLabel Cloud also enables you to integrate printing with your ERP system or other cloud or on premise business applications, such as SAP, MS Dynamics, Workday, NetSuite,…

4 Easily scale printing across your business

With NiceLabel Cloud, you can easily extend labeling across departments and also to your business partners including suppliers, contract manufacturers and third-party logistics providers.

We partner and integrate with

Gold Microsoft Partner · Microsoft · SAP S/4 HANA · Dynamics 365 · workday · NETSUITE · ORACLE CLOUD
