

# Z200 PLUS

## GENERAL PURPOSE WAX-RESIN RIBBON

**Z200 Plus** is an economical wax-resin thermal transfer ribbon that provides consistent performance on a variety of materials. This ribbon produces dense, dark, and durable images. This ribbon has excellent scratch resistance and resistance to harsh environmental conditions. **Z200 Plus** is an ideal solution for applications requiring competitively priced wax-resin ribbons without sacrificing performance. Our proprietary anti-static back coat dissipates static electricity and works to protect and extend the life of your valuable printheads.

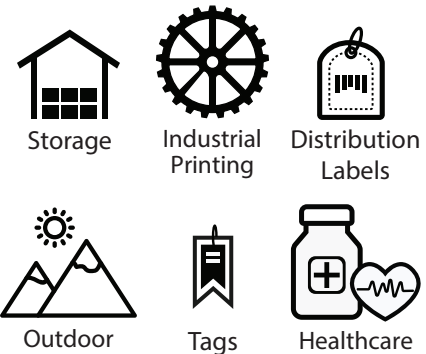

### Benefits
