

RSWA-24/58-3RB

Windshield Mount Antenna

The RSWA antenna is a Windshield mount antenna that uses a 3M VHB tape to mount it on the window. This is an omnidirectional antenna that works within Bluetooth, 2.3-2.5 GHz & dual band WiFi, 2.4/5.8 GHz frequency range. This is an IP67 rated indoor / outdoor antenna build from overmolded Polyamide material.

Example of Part Numbers:

RSWA-24-3-R-B

RSWA-24/58-3-R-B

WiFi

Bluetooth

Part Numbers Configurator:

RSWA	24/58	3	R	B
Model	Frequency	Cable Length	Connector Type	Color (Black/White)

ELECTRICAL DATA

Frequency Range	2.3-2.5/5.8 GHz (Bluetooth & Dual Band WiFi)
Directional Pattern	Omnidirectional
VSWR	$\leq 2.0:1$
Max Power	5 Watts
Gain	2.5/3.25 dBi
Impedence	50 Ohm

CABLE DATA

Type	LMR100
Termination	RP-SMA

ENVIRONMENTAL DATA

Water Ingress	IP67
Materials	Overmolded Polyamide
Hazardous Substance	RoHS Compliant

MECHANICAL DATA

Mounting	3M VHB Tape
Color	Black

** All Measurements in mm **
